

Where ambition meets inspiration.

# SEVENTY

WILSON STREET

Up to 60,000 sq ft of comprehensively refurbished  
workspace, available now.

# SAY HELLO!

Low-carbon and smartly-run, 70 Wilson Street is built for both comfort and sustainability. It's fully electric, with excellent ventilation, efficient cooling systems, and full-height glazing that maximises natural warmth and light.

01.

# THE BUILDING

**BOLD YET  
REFINED.**

Our open, double-height reception offers a bold sense of arrival, with calming, refined details throughout. Collaborate in our stylish breakout space or step outside for a coffee among the leafy trellises of our courtyard.

# SPECIFICATION

Originally refurbished in partnership with the Carbon Trust, 70 Wilson Street is delivered as a fully electric Low Carbon Workplace, sourcing 100% of its electricity from renewable sources. It incorporates intelligent building systems designed to maximise comfort, productivity and wellbeing while reducing energy costs. External terracing, a courtyard and living roofs add soul to this future-friendly building. We've even gone as far as making our own honey with 2 beehives taking residence on the roof!

## AESTHETIC

Natural materials throughout reception including Clayworks plaster, Senso resin floor and oak joinery

Exposed primary steels and painted metal deck to ceilings

Striking external copper clad facades with double glazed windows

## ENVIRONMENTAL

Fully electric building

Green roof(s) and beehives

Terraces on 3rd, 4th, 5th and 6th floors

Ground floor courtyard

BREEAM Excellent rating

EPC rating of B

End of trip facilities

## TECHNICAL

3 x 13 person passenger lifts

Floor to ceiling height: 2.70 - 3.00m

Occupational density: 1 person per 10m sq

Recycled raised access floor void: 160mm

Ventilation: 14 l/s @ 1 person per 10m

LED lighting

VRV ceiling mounted air conditioning with exposed ductwork

5TH FLOOR TERRACE

END OF TRIP

# A DAY IN THE LIFE AT SEVENTY WILSON STREET.

Sustainability has been integrated into every aspect of life at 70 Wilson Street – from your morning arrival through to home time. To demonstrate our holistic approach to eco-friendly design, here's an average day in the life of our workspace.

08.00

## ARRIVE WITH EASE

Cycling to work has never been simpler, with shower facilities beside our sheltered secure cycle storage.

08.30

## ALL SET

The temperature, light and ventilation are all adapted in areas as and when they are used, via passive infrared people sensors.

10.00

## WARMTH WHERE IT'S NEEDED

The building shares heat around the building via a thermal loop moving heat away where cooling is needed and vice versa, using the heat pump VRV

13.30

## KEEP IT COOL

Higher up in the building, glazing is designed to prevent overheating. In shaded areas, an inner coating on the glazing acts like a thermos, keeping warm steady heat inside.

14.00

## AT ONE WITH NATURE

Living roofs on four levels are thriving with native wildflowers, grasses, and succulents, offering a home for bees, birds and butterflies.

11.00-12.30

## LET THERE BE LIGHT

Sensors adjust lighting according to the amount of sunlight in any space. In bright areas, solar control coating on the glazing bounces the sun's uncontrollable heat away from the building.

14.00-15.00

**BLUE SKY THINKING**

Outdoor spaces enhance productivity and wellbeing by providing inspiring areas to relax, meet or work.

18.00

**HOME TIME**

Sensors recognise when a space is unoccupied and switch off or reduce lighting.

**EXPERT OPINION**

Analysis of data from the building's sensors helps occupiers make the most of the building's features and keep operational carbon low.

22.00-06.00

**WILSON GETS SOME SHUT-EYE**

On summer nights, the building cools itself by drawing in cooler night air through fresh air ducting and expelling the sun's heat from the day. This reduces the need to use cooling systems in the morning.

15.00-16.00

**NO JUMPERS REQUIRED**

Full-height glazing allows maximum light and the inner coating keeps warmth inside. Fresh air is circulated evenly wherever you are in the office, keeping internal areas well-ventilated.

03.

# THE LOCATION

# THE PERFECT BALANCE.

Ideally located between the dynamism of the City and the creative pulse of Shoreditch, 70 Wilson Street offers the best of both worlds.

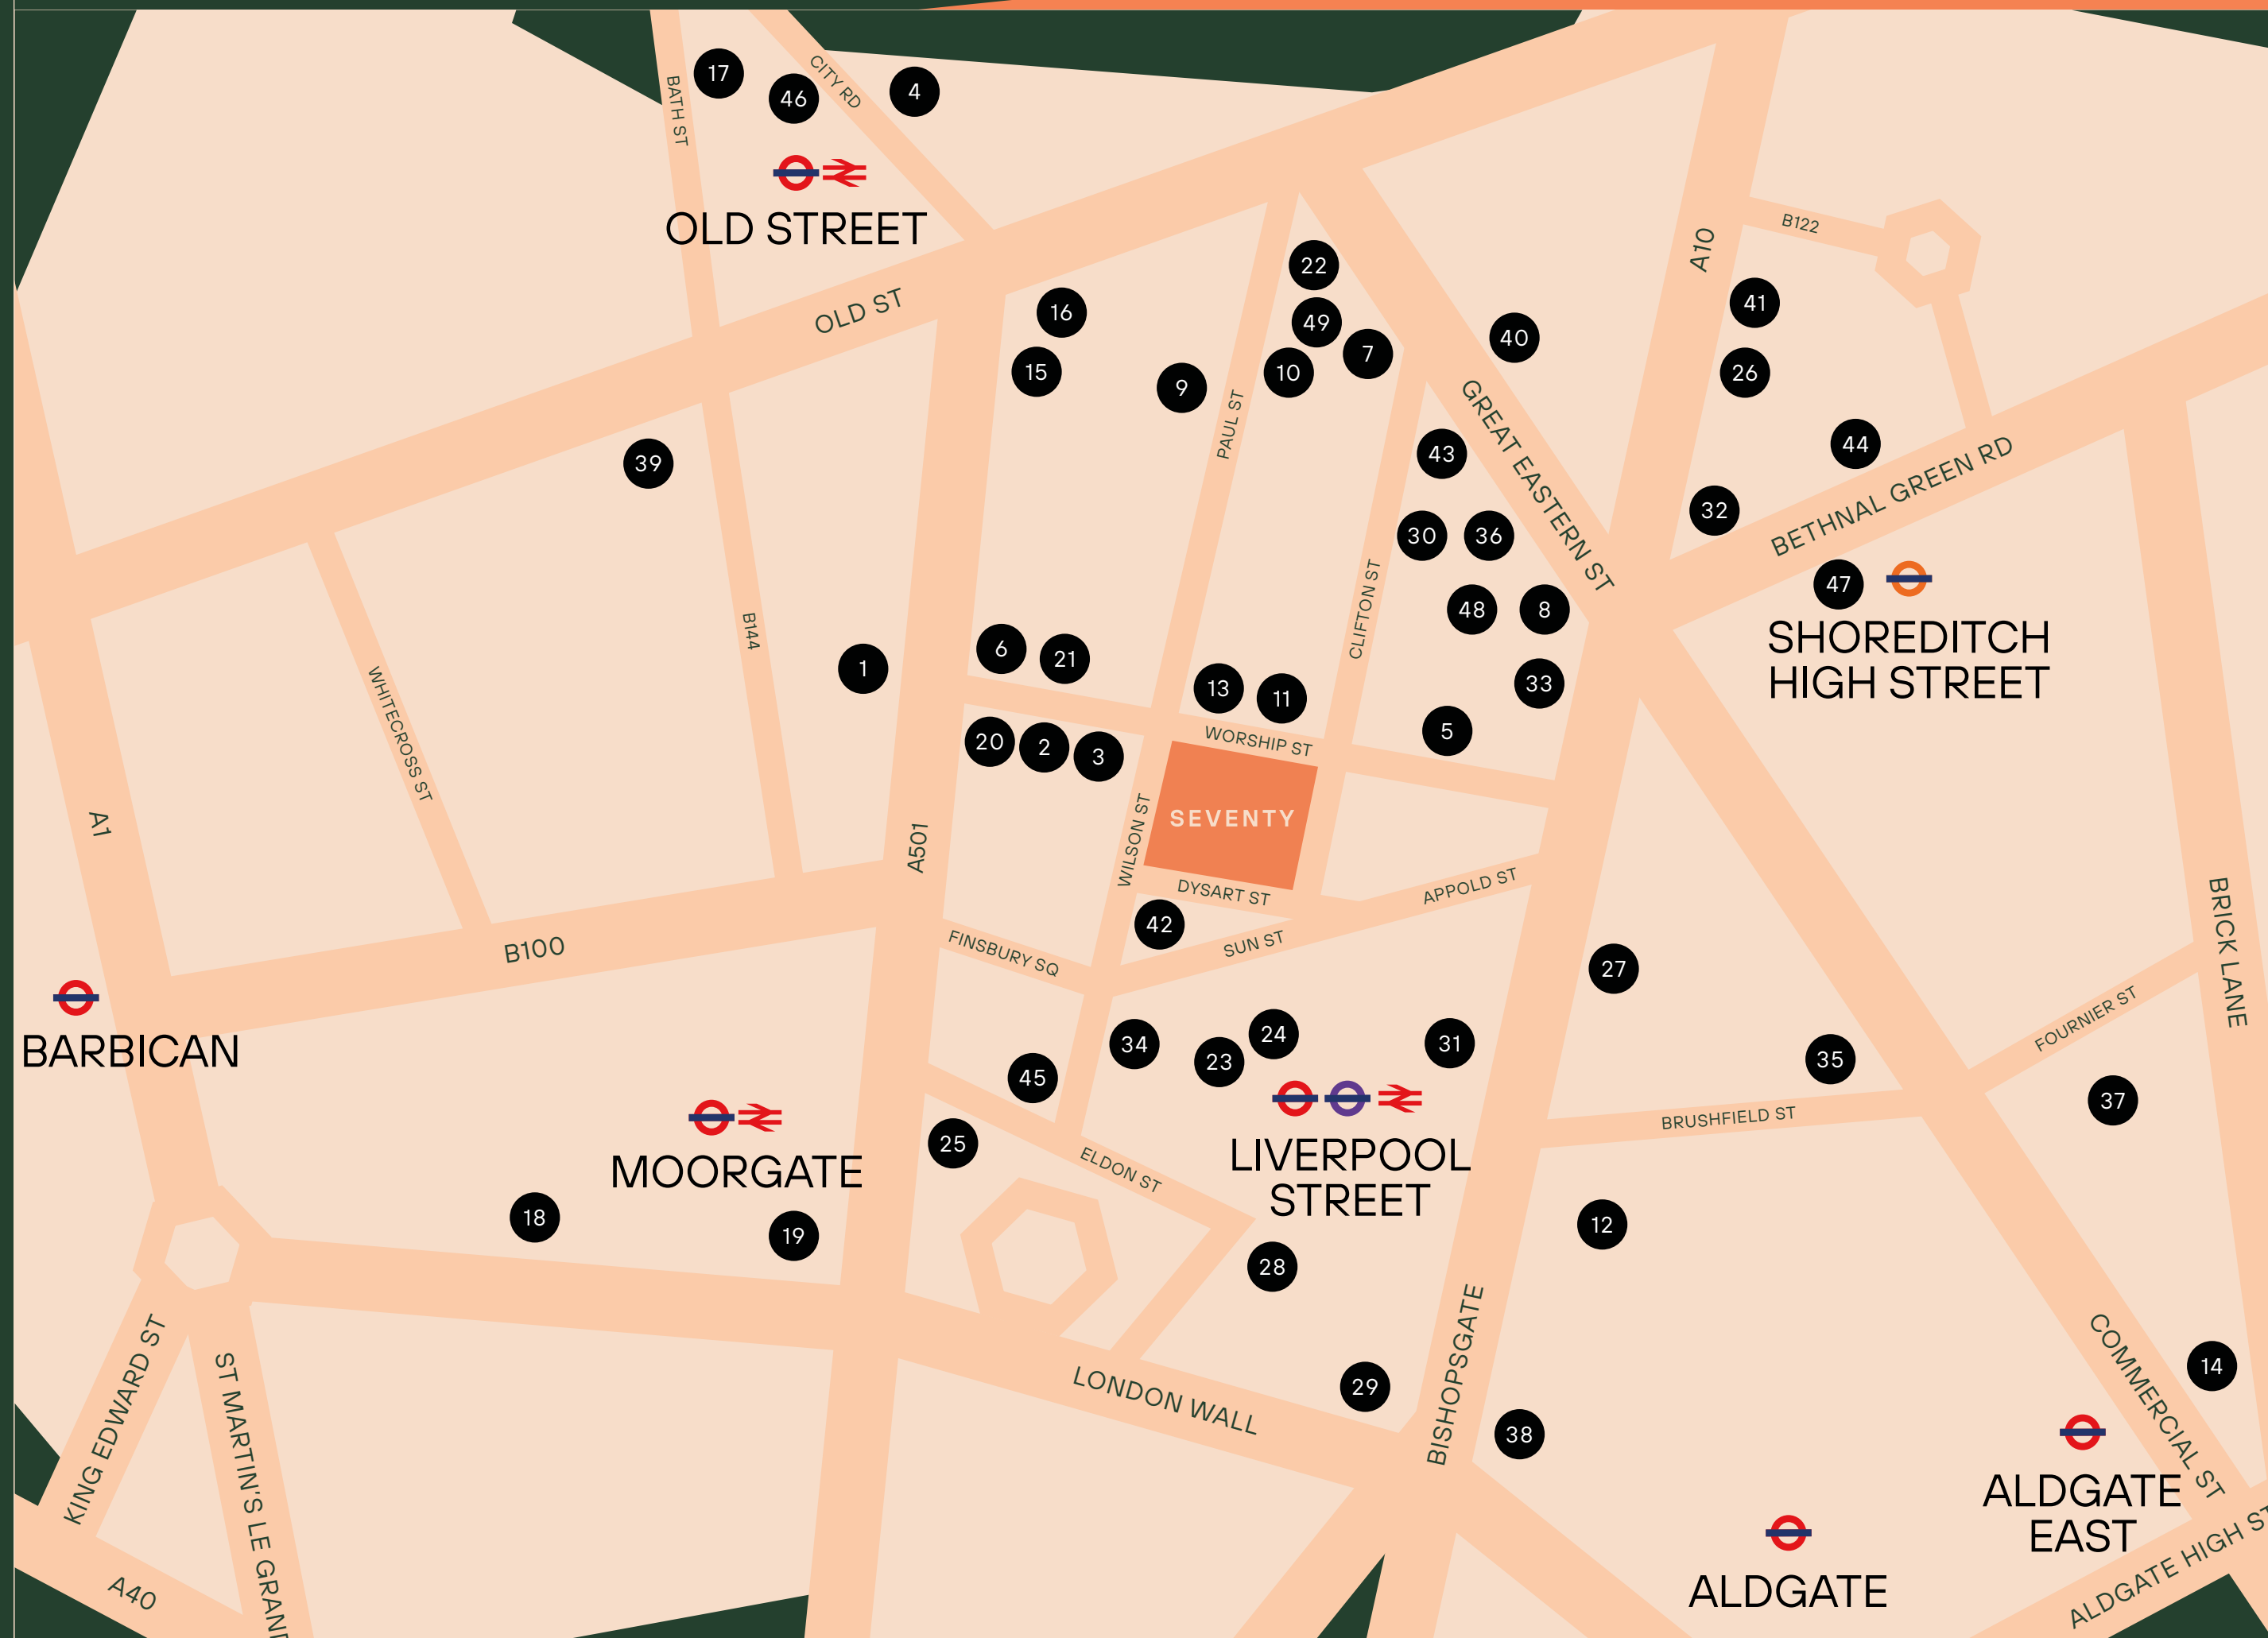

Head for the tech buzz of Old Street or for the enterprise of Bishopsgate and the cultural landmarks of the Barbican.

70 Wilson Street occupies a prime spot with everything from quick bites to cultural highlights within a short walk, making it the perfect base for work and beyond.

# ALL IN ONE PLACE.
